Here's what you see when you click on a project to view its details.

The "View Activity" option allows you to see other VCE-Pro subscribers that have also viewed this project. See how that works below.

## VIEW ACTIVITY ONLINE

After you click "View Activity", you'll see a window showing a list of subscribers that have "viewed" or "saved" the project. "Saved" means they've saved it to their "Desk". If you're using OST to view docs, whatever you view of the Plans and Specs is automatically saved to your hard drive when you open them. That is not what is shown here.

Clicking the blue underlined links changes the list to show you the subscribers that fit that criteria (for example, if you clicked "Saved" as shown below, the list would change to display only the 9 subscribers that saved the project.

If "Next" or "Back" is underlined, clicking it will take the next or previous page.

Clicking on the column heads (Company Name, Phone, Email, Action Date & Action) will sort the list forward and backward with each click.

Click on an email link to open an outgoing email to that person

## PLANHOLDERS LISTS ONLINE

If you move down the screen, you'll see a list of planholders. If a prime bidder contacts us to say they're bidding, it will say "Yes" in the "Confirmed" column. Also watch for special wording regarding the list like 'complete as of ...' or 'ask for list received on ...'. If no message is shown, it means VCE hasn't obtained a list of planholders from the issuing agency yet. Contact VCE if you are ever unclear regarding a planholders list.
